IC-CMEP'22

Objective

The first International Conference on Chemical Matters and Environment Preservation, which is going to be held in Ouargla, Algeria during February 22-23, 2022, was reposed for the presentation of recent research and results in the field of the design of new matters for diverse applications and in particular for the environment preservation. This would be an opportunity for researchers to share their research results and exchange advanced ideas and applications for establishing research and scientific collaboration relationships between them. The IC-CMEP'22 will be moderated by invited speakers, oral presentations and posters sessions; the event will have the following objectives:

- Presentation of the different lines of research in the field of the chemistry of materials for the innovation of technology.
- Present the different techniques having chemical aspect in the preservation of the environment.
- Give an opportunity to researchers from the University of Ouargla and other universities to present their research.

Topics

- Design of a new material synthesis technique.
- Characterizations and applications of materials.
- Crystalline structure modeling and optimization.
- Organic and inorganic matters.
- Nanotechnology and Nanomaterials.
- Computational materials technique.
- Materials for renewable energy.
- Simulation and modeling of the physical and chemical properties of materials.
- Surface and interface of materials.
- Dielectric and magnetic matters.
- Medical applications of new biomaterials and Nano-biotechnology.
- chemistry of natural products
- Matters for optoelectronics.
- Nanomaterial's and the environment.
- Wastewater depollution.
- Plants for the environment.
- Eliminate environmental pollution (air, water and soil).
- Green chemistry and the environment.
- Treat waste and preserve the environment.

Keynote Speakers

Pr. LANEZ Touhami Université Hama Lakhdar, El-Oued
Pr. LEGHSEIR Belgacem, Université Badji Mokhtar Annaba
Pr. MOUSSAOUI Younes, Universté Gasfa tunisie
Pr. DEKMOUCHE Messaouda, Université Kasdi Merbah Ouargla
Dr. BELKHALFA Hakim, PTAPC-CRAPC- Ouargla

Important dates

Abstract submission dealing january 15, 2022

Notification of acceptance February 10, 2022

Conference dates February 22-23, 2022

Instructions to authors

Attendance abstracts should be sent directly by email, using the conference template. They must be written in French or English.
